HISTORY

Ed Hynes Hall of Fame Soccer Camps was founded in 1994 and operated at Wagner College through 1999. Our name is in honor of our former Director of Coaching, Jack Hynes. Jack is considered to be one of the pioneers of American soccer and is enshrined in the National Soccer Hall of Fame.

OVERVIEW

The Summer Sessions will consist of a five-day session that will focus on all aspects of "the beautiful game". We cater to beginner through experienced players. Our staff is trained to handle the needs of both the new player and the player looking for the competitive edge needed for high school and travel play. The weekly session will stress conditioning, team play and individual instruction. Technical skills and tactical concepts are both emphasized in our exciting sessions.

Our Camp uses fun and innovative activities to introduce the world's most popular game to our young players. Our non-competitive sessions are designed to build self-confidence through positive reinforcement. We use age-specific exercises to ensure that the players are maximizing their experience while growing in their knowledge of the game. Participants will practice various technical skills including dribbling, passing and shooting. Individualized attention will be given to new players as our activities have been designed to not only promote soccer skill, but also to enhance balance, coordination and conditioning.

STAFF

Our staff is comprised of some of the finest coaches and college players on Staten Island. Our coaches are hand-picked to ensure that our staff is second to none. Our staff has been trained specifically to meet the needs of youth players with patience and care.

Every summer camper must bring his/her own lunch.
